DESCRIPTION

Icon of Italian design and the result of the brainchild of designers Michele De Lucchi and Giancarlo Fassina, the Tolomeo lamp was launched on the market in 1987. It embodies the perfect balance between functionality and aesthetics.

The design of the Tolomeo is characterized by clean and minimalist lines, with a structure made of aluminum. This material gives the lamp not only a modern and sophisticated look but also remarkable lightness and robustness.

One of the distinctive elements of the Tolomeo is its articulated arm system. Thanks to an innovative spring mechanism, the lamp can be easily adjusted in height and tilt, ensuring great flexibility of use.

The timeless elegance and impeccable functionality have made it one of the most famous lamps in the world and it has received numerous international awards. This lamp is not just an object of illumination, but a true masterpiece of design that continues to inspire and fascinate generations of beauty lovers.

Tolomeo Maxi grows further in size, thus being able to meet different lighting requirements in space.
