

Alambicco - Suspension - Vertical - 600 - 2700K

Neil Poulton

IP20    Dimmerable: 

LUMINAIRE

- Watt: **28W**
- Delivered lumen output: **2293lm**
- CCT: **2700K**
- Efficiency: **92%**
- Efficacy: **81.89lm/W**
- CRI: **90**

DESCRIPTION

Alambicco is a modular lighting fixture that highlights the beauty of blown glass, using transparency and texture to shape and diffuse light.

At its center is an extruded aluminum structure with LED circuits on four opposing sides—this is the technological core around which the various layers are built.

The first layer is a knurled glass cylinder, designed to refract the view of the internal components without fully hiding them, ensuring a soft, glare-free light.

Layered over this are transparent diffusers with rounded forms, enriched by artisanal craftsmanship inspired by the traditional ballotton technique.

FEATURES

- Product Code: **2045W10A**
- Colour: **Transparent**
- Installation: **Ceiling**
- Series: **Design Collection, Novelties**
- design by: **Neil Poulton**

DIMENSIONS

- Length: **190 mm**
- Width: **190 mm**
- Height: **1010 mm**
